Directors Note

I am humbled to work with a collection of individuals from different backgrounds working toward the same creative goal, to bring a playwright's words to life. Live theatre is truly a magical experience that the virtual world cannot replicate. This unique experience is created by individuals using their God given talents to create the world within this show.

I would like to thank Neil Shuford and the leadership team of ITheatre. Thank you for working so hard on this play. I would like to thank Linda Stainer, Madonna Johnson, Terez Cadotte and Sue Smith for all their help. To the extraordinary people of Trails End Park, thank you for supporting our play. To Jim and Linda Stainer THANK YOU, you are the most energetic, creative, thoughtful and resourceful Canadians we have ever met! We are blessed to call you friends.

I would also like to thank our Mayor David Suarez, City Manager Mike Perez, David Arce and the City of Weslaco for keeping The Tower Theater doors open. For over fifty years the Weslaco Tower Theater has been a beacon of creativity in The RGV, and there is nothing like it in the great State of Texas.

Finally to Rise Morris and The Mid Valley Civic Theatre for being with us every step of the way. Rise's mother, Shirley Atkins, was the force behind the Tower Theatre for decades. It was this mother and daughter's love for theatre that kept the Tower Theater going over the last 57 years. We hope to help continue this legacy for decades to come.
